Essential Advocate PPO

Summary of Benefits

January 1, 2021— December 31, 2021

This booklet gives you a summary of what we cover and what you pay. It doesn't list every service that we cover or list every limitation or exclusion. To get a complete list of services we cover, call us and ask for the "Evidence of Coverage (EOC)."

You have choices about how to get your Medicare benefits

- One choice is to get your Medicare benefits through Original Medicare (fee-for-service Medicare). Original Medicare is run directly by the Federal government.
- Another choice is to get your Medicare benefits by joining a Medicare health plan (such as **Vibra Health Plan Essential Advocate (PPO) and Vibra Health Plan Enhanced Complete (PPO)**).

Tips for comparing your Medicare choices

This Summary of Benefits booklet gives you a summary of what **Vibra Health Plan Essential Advocate and Enhanced Complete (PPO)** covers and what you pay.

- If you want to compare our plan with other Medicare health plans, ask the other plans for their Summary of Benefits booklets. Or, use the Medicare Plan Finder on www.medicare.gov.
- If you want to know more about the coverage and costs of Original Medicare, look in your current "**Medicare & You**" handbook. View it online at www.medicare.gov or get a copy by calling 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048.

Sections in this booklet

Which doctors, hospitals, and pharmacies can I use?

Vibra Health Plan Essential Advocate and Enhanced Complete (PPO) has a network of doctors, hospitals, pharmacies, and other providers. If you use the providers in our network, you may pay less for your covered services. With our PPO plans, you can also use providers that are not in our network. Our Vibra Health Plans provide predictable out-of-pocket costs for Out-of-Network medical services as most Out-of-Network cost-sharing is the same as In-Network.

You must generally use network pharmacies to fill your prescriptions for covered Part D drugs. Some of our network pharmacies have preferred cost-sharing. You may pay less if you use these pharmacies. You can see our plan's provider and pharmacy directory at our website vibrahealthplan.com. Or, call us and we will send you a copy of the provider and pharmacy directory.

What do we cover?

Like all Medicare health plans, we cover everything that Original Medicare covers - and *more*.

- **Our plan members get *all* of the benefits covered by Original Medicare. For some of these benefits, you may pay more in our plan than you would in Original Medicare.** For others, you may pay less.
- **Our plan members also get *more than what is* covered by Original Medicare.** Some of the extra benefits are outlined in this booklet.

Vibra Health Plan covers some extra services not covered by Original Medicare, such as:

- ❖ Preventive dental services
- ❖ Preventive vision services including a bi-annual allowance for glasses and contact lenses
- ❖ Health & Wellness
- ❖ Transportation (**Enhanced Complete PPO only**)
- ❖ Over the Counter (OTC) drugs and supplies monthly allowance
- ❖ Worldwide urgent/emergency coverage

We cover Part D drugs. In addition, we cover Part B drugs such as chemotherapy and some drugs administered by your provider.

- You can see the complete plan formulary (list of Part D prescription drugs) and any restrictions on our website, vibrahealthplan.com.
- Or, call us and we will send you a copy of the formulary.
- Cost sharing for deductible, the initial coverage phase coverage gap, and catastrophic coverage. Cost sharing must be broken down by the tier number/name/ (e.g., Tier 1 generic).
- When applicable, a notation that costs may differ based on pharmacy type or status (e.g., preferred /non-preferred, mail order, long-term care (LTC) or home infusion, and 30 or 90-day supply).

How will I determine my drug costs?

Our plan groups each medication into one of six “tiers.” You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug’s tier and what stage of the benefit you have reached. Later in this document we discuss the benefit stages that occur: Initial Coverage, Coverage Gap, and Catastrophic Coverage.

Plans may offer supplemental benefits in addition to Part C benefits and Part D benefits.

Pre-Enrollment Checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a Member Service representative at 1-844-388-8268, 8 a.m. to 8 p.m. 7 days a week, October 1 through March 31. April 1 through September 30, 8 a.m. to 8 p.m., Monday through Friday.

Understanding the Benefits

- Review the full list of benefits found in the Evidence of Coverage (EOC), especially for those services for which you routinely see a doctor. Visit www.vibrahealthplan.com or call 1-844-388-8268, 8 a.m. to 8 p.m. 7 days a week, October 1 through March 31. April 1 through September 30, 8 a.m. to 8 p.m., Monday through Friday, to view a copy of the EOC.
- Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor or pay Out-of-Network cost-share.
- Review the pharmacy directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.

Understanding Important Rules

- In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums and/or copayments/co-insurance may change on January 1, 2022.
- Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services provided by a non-contracted provider, the provider must agree to treat you. Except in an emergency or urgent situations, non-contracted providers may deny care. In addition, you will pay a higher copay for services received from non-contracted providers.

Prescription Drug Benefits

Generally, our plan has a broad pharmacy network. Some of our network pharmacies also offer preferred cost-sharing. You may go to either network pharmacy that offer preferred cost-sharing or other network pharmacies that offer standard cost-sharing to receive your covered prescription drugs. Your costs may be less at pharmacies that offer preferred cost-sharing.

1. Deductible Stage

These plans do not have deductibles for drug benefits. Because there is no deductible for the plan, this payment stage does not apply to you.

2. Initial Coverage Stage

What you pay for: **Preferred** Retail, **Standard** Retail, and Mail Order Pharmacy

You begin in this stage when you fill your first prescription of the year.

During the Initial Coverage Stage, your share of the cost of a covered drug will be either a copayment or coinsurance.

- **“Copayment”** means that you pay a fixed amount each time you fill a prescription.
- **“Coinsurance”** means that you pay a percent of the total cost of the drug each time you fill a prescription.

During this stage, the plan pays its share of the cost of your drugs and you pay your share of the cost. You stay in this stage until your year-to-date “total drug costs” (your payments plus any Part D plan’s payments) total **\$4,130**.

You stay in the Initial Coverage Stage until your total out-of-pocket costs reach **\$4,130**. When you reach an out-of-pocket limit of **\$4,130**, you leave the Initial Coverage Stage and move on to the Coverage Gap Stage.

- You may get your drugs at network retail pharmacies and mail order pharmacies.
 - If you reside in a long-term care facility, you pay the same as at a retail pharmacy.
 - You may get drugs from an Out-of-Network pharmacy, but may pay more than you pay at an In-Network pharmacy.
-

Prescription Drug Benefits

3. Coverage Gap Stage (Donut Hole)

What you pay for: **Preferred** Retail, **Standard** Retail, and Mail Order Pharmacy.

The coverage gap begins after the total yearly costs of your drugs (including what our plan has paid and what you have paid) reaches **\$4,130**.

Vibra Health Plan PPO's offer additional gap coverage for Select Insulins. During the Coverage Gap stage, your out-of-pocket costs for Select Insulins will be a \$5 copay for a 30-day supply. All insulins listed on our Drug List are Select Insulins. You can review the most recent Drug List on our website at vibrahealthplan.com. If you have questions about the Drug List, you can also call Member Services.

When you are in the Coverage Gap Stage, the Medicare Coverage Gap Discount Program provides manufacturer discounts on brand name drugs. You pay 25% of the negotiated price and a portion of the dispensing fee for brand name drugs. Both the amount you pay and the amount discounted by the manufacturer count toward your out-of-pocket costs as if you had paid them and moves you through the coverage gap.

You also receive some coverage for generic drugs. You pay no more than 25% of the cost for generic drugs and the plan pays the rest. For generic drugs, the amount paid by the plan (75%) does not count toward your out-of-pocket costs. Only the amount you pay counts and moves you through the coverage gap.

You continue paying the discounted price for brand name drugs and no more than 25% of the costs of generic drugs until your yearly out-of-pocket payments reach a maximum amount that Medicare has set. In 2021, that amount is **\$6,550**. When you reach an out-of-pocket limit of **\$6,550**, you leave the Coverage Gap Stage and move on to the Catastrophic Coverage Stage.

4. Catastrophic Coverage Stage

What you pay for: **Preferred** Retail, **Standard** Retail, or Mail Order Pharmacy.

When you (or those paying on your behalf) have spent a total of **\$6,550** in out-of-pocket costs within the calendar year, you will move from the Coverage Gap Stage to the Catastrophic Coverage Stage.

You qualify for the Catastrophic Coverage Stage when your out-of-pocket costs have reached the **\$6,550** limit for the calendar year. Once you are in the Catastrophic Coverage Stage, you will stay in this payment stage until the end of the calendar year.

During this stage, the plan will pay most of the cost for your drugs.

- Your share of the cost for a covered drug will be either coinsurance or a copayment, whichever is the larger amount:
 - – either – coinsurance of 5% of the cost of the drug
 - –or– \$3.70 for a generic drug or a drug that is treated like a generic and \$9.20 for all other drugs.
